---

## PREPARATIONS

1. Make your laptop is plugged into a wall outlet and not just running on battery before proceeding.
2. Save any open documents on your computer and close all other programs before attempting the update.
3. Download the firmware from the link above.

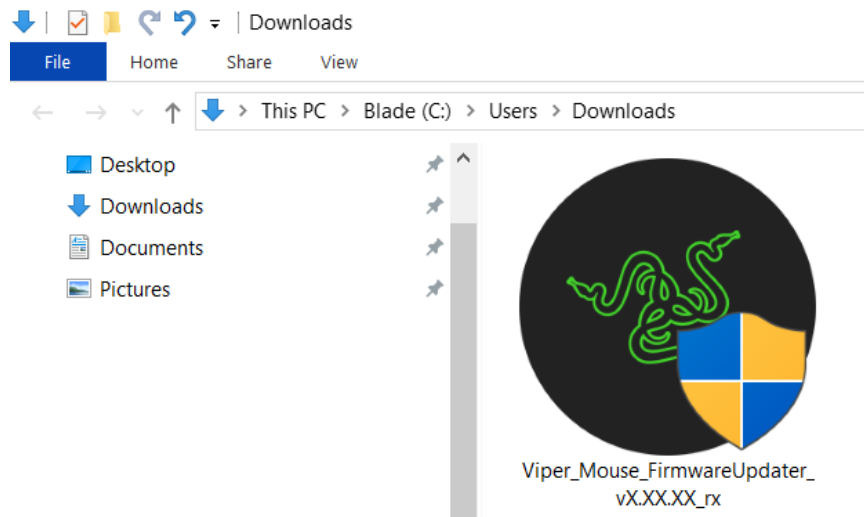

**Note:** It is recommended to download and install the latest firmware version.

4. Run updater and follow the installation steps below:

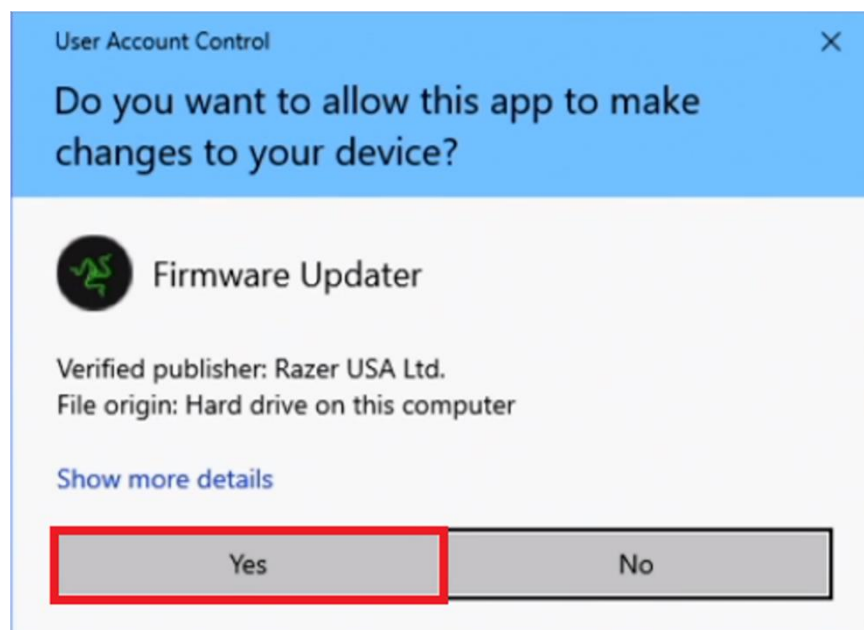

---

## INSTALLATION PROCESS

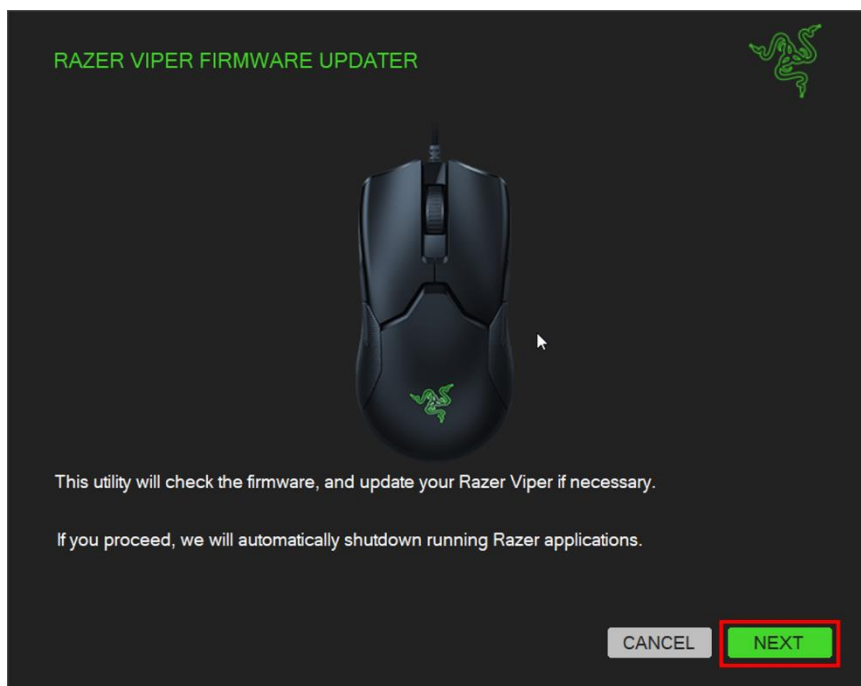

1. Run the updater as shown below:

2. You may be prompted to confirm changes on your device by the User Account Control. Click "Yes" to confirm these changes.

3. Click "NEXT" to proceed. The installer will close all running Razer applications if you have not done so yet.

4. Connect the device to the computer and then click "UPDATE".

5. Wait until the update process is complete. Do not interrupt.

6. When the update is complete, click "CLOSE".
