

ADARO
STEREO
ANALOG HEADPHONES

To create the perfect pair of headphones for listening to music, we approached the design with 3 things in mind – uncompromising audio, long lasting comfort, and robust portability. And with the Razer Adaro Stereo, we believe we have done just that.

Packing high performance, custom-tuned 40mm neodymium magnet drivers, the Razer Adaro Stereo delivers crisp, natural sounding acoustics for an amazing audio experience. These powerful drivers are housed in the Razer Adaro Stereo's custom developed, fully adjustable architecture, allowing for an extremely comfortable and lightweight design.

The Razer Adaro Stereo is meant for you to take wherever you go. Their construction is sleek and compact, allowing for easy transportation, yet incredibly robust for endless hours of use.

With its brilliant sound, comfortable form factor and portability, the Razer Adaro Stereo is the perfect headphones for music on the go.

SAFETY GUIDELINES

In order to achieve maximum safety while using your Razer Adaro Stereo Analog Headphones, we suggest that you adopt the following guidelines:

1. Should you have trouble operating the device properly and troubleshooting does not work, unplug the device and contact the Razer hotline or go to www.razersupport.com for support. Do not attempt to service or fix the device yourself at any time.
2. Do not take apart the device (doing so will void your warranty) and do not attempt to operate it under abnormal current loads.
3. Keep the device away from liquid, humidity or moisture. Operate the device only within the specific temperature range of 0°C (32°F) to 40°C (104°F). Should the temperature exceed this range, unplug and switch off the device in order to let the temperature stabilize within the optimal temperature range.
4. The Razer Adaro Stereo Analog Headphones isolates external ambient sounds even at low volumes, resulting in lowered awareness of your external surroundings. Please remove the Razer Adaro Stereo Analog Headphones when engaging in any activity that requires active awareness of your surroundings.
5. Listening to excessively loud volumes over extended periods of time can damage your hearing. Furthermore, legislation of certain countries permits a maximum sound level of 86db to affect your hearing for 8 hours a day. We therefore recommend that you reduce the volume to a comfortable level when listening for prolonged periods of time. Please, take good care of your hearing.

MAINTENANCE AND USE

The Razer Adaro Stereo Analog Headphones requires minimum maintenance to keep it in optimum condition. Once a month we recommend you clean the device using a soft cloth or cotton swab with a bit of warm water to prevent dirt buildup. Do not use soap or harsh cleaning agents.
