SAFETY GUIDELINES

This product is intended as a piece of furniture designed to accommodate one sitting or reclining person. In order to achieve maximum safety while using your Razer Fujin Headrest, we suggest that you adopt the following guidelines:

- Be mindful of your hand, hair, or finger placement when adjusting the sliders and levers.
- To prevent color from fading, upholstery from drying, and plastic parts from cracking; avoid exposure to high heat such as a radiator or a fireplace; and keep out of direct sunlight.
- To prevent damage to the upholstery, keep away from sharp objects or pets with claws and teeth.
- To avoid accidents, do not use unless all bolts, screws, and knobs are firmly secured. Check all bolts, screws, and knobs at least every 90 days, and make sure they are properly tightened.

Should you have problems operating the Razer Fujin Headrest properly and troubleshooting does not work, contact the Razer hotline or go to support.razer.com for assistance. If any parts are missing, broken, damaged, or worn; and your headrest is still covered by warranty, we will provide you with replacement parts. Do not use your headrest until the parts have been repaired or replaced.

MAINTENANCE

The Razer Fujin Headrest requires minimum maintenance to keep it in optimum condition. Constant exposure to friction, skin, and bodily fluids can degrade the materials over time. We recommend that you clean the headrest once a month using a soft or microfiber cloth with a bit of warm water to prevent perspiration and dirt buildup. Immediately clean up spills to avoid stains and completely air dry before using the headrest again. Do not use soap, harsh cleaning agents, or abrasives to avoid damaging the headrest.
