This video is a step-by-step process on how to pair your Razer Opus X to a PC.

Set your Bluetooth headset to pairing mode. While the Razer Opus X is powered off, press and hold the power button until the status indicator starts blinking blue.

Ensure that Bluetooth is enabled on your PC.

Search for “Bluetooth or other device” and toggle Bluetooth “on.”

Click “Add Bluetooth or other device.”

Select Bluetooth.

Your PC will start scanning for nearby Bluetooth devices. Once found, select your Razer Opus X headset.

Your PC will attempt to pair with the selected device. Once successful, click “Done.”

The Razer Opus X status indicator will change to static blue once the headset is paired.

Congratulations! You have successfully paired your Razer Opus X to a PC.
